

Paradise Presents:  
His and Her  
Custom Tattoos

702-338-5118

Your tattoo is custom designed.

We use the best inks in the Industry. This is not your run of the mill tattoo shop. You are in a private room, pampered, and if it is too painful we will use numbing to ease your discomfort. We won't tell anyone you cheated either!

Airbrush Tanning

You can reduce the risk of Skin cancer by airbrush tanning. The golden or bronze color you want will last up to 14 days.

No orange color  
No streaking  
Only beautiful color that lasts!

Teeth Whitening

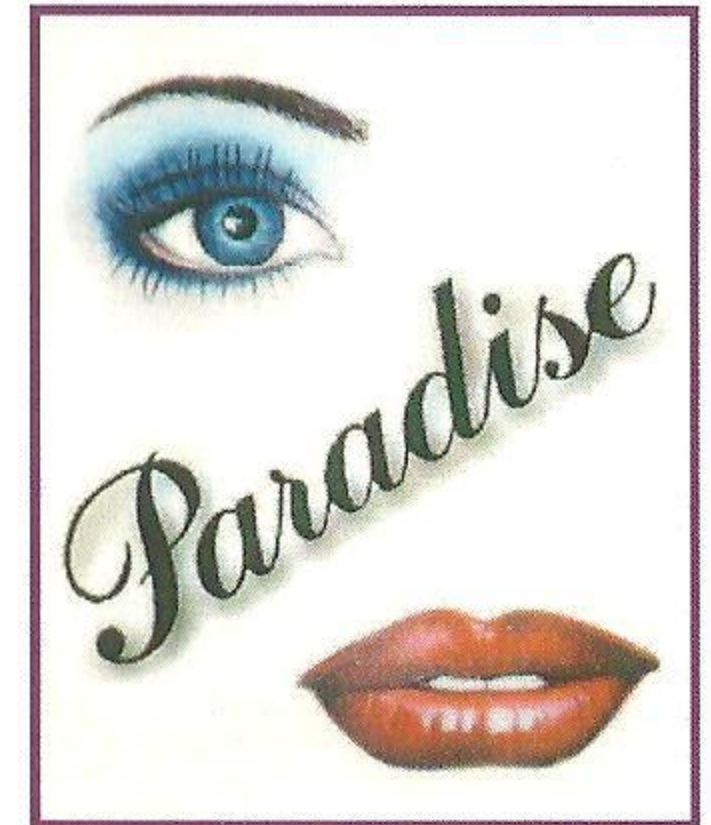

Your teeth will whiten up to five shades in just 20 minutes. As you can see, you just sit back and relax with the light on.
